<https://saltacademync.com/services>

Day Treatment Program (ages 5-18) offers structured school- day-treatment individualized for each child's needs and age group. The program is to assist with challenges such as chronic behavioral and emotional problems, ADHD (hyperactivity and associated emotional challenges), Depression, Post-traumatic stress disorder, Anxiety-related disorders, Family conflicts, and Parenting issues. The day treatment program offers the added advantage of allowing a child to undergo care while still living at home. The program also individualizes each child's needs while utilizing the group benefit and family-based treatment approach.

Outpatient Therapy Services focus on reducing psychiatric and behavioral symptoms to improve the beneficiary's functioning in familial, social, educational, or occupational life.

Intensive In-Home Services (ages 3-17) are provided when the home environment becomes unstable to preserve the family and reduce the likelihood of recurrence. The program offers a family-based approach to crisis resolution. The service is designed to defuse the current crisis, evaluate its nature, stabilize the home, and prevent out-home-placement.

Diagnostic Assessment Services are intensive clinical and functional face-to-face mental health evaluations of developmental disability and substance use disorder. This assessment results in the issuance of a written report that provides the clinical basis for the development of someone's treatment or service plan.

Academic: By working with our county schools and Richmond Community College, we are providing students with their educational needs as well as developing workplace readiness, establishing financial planning, and Building character. We introduce trade skills such as Introduction to welding, carpentry, sewing, landscaping, and more.

704-960-9347 or angelina.wilson@ncdps.gov

About Tarheel Challenge Academy:

We offer our services to students 16-18 years old who are not faring well in their current school setting. Our free program includes a 5 ½ month residential phase, followed by a 12-month post-residential phase. While attending the 5 ½ month residential program, our students work on the program's core components: Academic excellence, Life-coping Skills, Leadership and Followership, Responsible Citizenship, Job Skills, Service to the Community, Physical Fitness, and Health & Hygiene.

About Tarheel Challenge Academy Mentors:

While their mentee is in the 5 ½ month residential phase, TCA Mentors participate in a 1-day training session, attend 2 mentor visit days, attend the cadet graduation ceremony, and agree to write to their mentee at least once per week.

-During the 12-month post-residential phase, TCA Mentors meet with their mentee at least once per week for at least 1 hour, complete a monthly report, and remain in contact with the mentee's case manager.

The mission of the National Runaway Safeline is to keep America's runaway, homeless, and at-risk youth safe and off the streets.

Services Include:

Information & Referrals-provides countless options for youth and families to access services, such as counseling, shelter, alcohol/drug treatment, and child protective services

Conference Calls: When youth request assistance contacting their family or an agency that can help, NRS facilitates a conference call. The crisis services team members remain on the line with the youth, advocating on their behalf as needed.

Message Service: NRS maintains a message service for children who want to relay a message but are not ready to communicate directly with their parents. NRS' message service is a less intimidating means for youth to reestablish contact with their parent/guardian and often serves as the first step toward reunification. Also, a parent may access the service to leave a message for their child.

Home Free Program: In partnership with Greyhound Lines, Inc., NRS helps reunite youth with their families, or get to an alternate living arrangement through a free bus ticket. This process is initiated by calling our hotline at 1-800-786-2929.

Sandhills Alternative Academy

Substance Abuse Intensive Outpatient Program

503 Rockingham Road, Rockingham

(910) 417-4922

<https://saltacademync.com/services>

An outpatient program designed to assist adults and teens in beginning recovery and learning skills for recovery maintenance. Services include individual counseling and support, group counseling and support, family counseling, training and support, biochemical assays to identify recent drug use, strategies for relapse prevention (to include community and social support systems in treatment), life skills, crisis contingency planning, and disease management. The treatment support activities have been adapted or specifically designed for individuals with physical disabilities, or individuals with co-occurring disorders of mental illness and substance use; or an intellectual and developmental disability and substance use disorder.

Day Treatment Program (ages 5-18) offers structured school- day-treatment individualized for each child's needs and age group. The program is designed to assist with challenges such as chronic behavioral and emotional problems, ADHD (hyperactivity and associated emotional challenges), Depression, Post-traumatic stress disorder, Anxiety-related disorders, Family conflicts, and Parenting issues. The day treatment program offers the added advantage of allowing a child to undergo care while still living at home. The program also individualizes each child's needs while utilizing the group benefit and family-based treatment approach.

Outpatient Therapy Services focus on reducing psychiatric and behavioral symptoms to improve the beneficiary's functioning in familial, social, educational, or occupational life.

Intensive In-Home Services (ages 3-17) are provided when the home environment becomes unstable to preserve the family and reduce the likelihood of recurrence. The program offers a family-based approach to crisis resolution. The service is designed to defuse the current crisis, evaluate its nature, stabilize the home, and prevent out-of-home placement.

Diagnostic Assessment Services are intensive clinical and functional face-to-face mental health evaluations of developmental disability and substance use disorder. This assessment results in the issuance of a written report that provides the clinical basis for the development of someone's treatment or service plan.

Academic: By working with our county schools and Richmond Community College, we are providing students with their educational needs as well as developing workplace readiness, establishing financial planning, and Building character. We introduce trade skills such as Introduction to welding, carpentry, sewing, landscaping, and more.
